

October 2020

October 2020 is the deadline for fuel companies to migrate to EMV chip cards as set by the card networks. Get ahead of the game with the help of ICC Solutions.

We provide the full testing spectrum including:

- \$ QA
- \$ Validation
- \$ Certification
- \$ Regression Testing

Save yourself time and money, allowing greater control and flexibility

"ICC has shown themselves to be subject matter experts in the field of EMV testing. Our aggressive approach to meet the October 2020 timeline would not be possible without the expertise of a partner such as ICC."

**James Spahn, SVP of Fiscal Systems**

Our team works closely with all the payment brands ensuring our test suites meet their criteria.
