ICC Solutions qualified by American Express for AEIPS AFD

ICC Solutions is delighted to announce the immediate release of AEIPS AFD test suite, qualified by American Express, supporting the complete set of test cases to be executed during the American Express AFD for AEIPS terminal certification process.

This new test suite enables Acquirers to perform the end-to-end tests to achieve certification with American Express, allowing the AFD enabled device to accept American Express branded Chip cards.

This new test suite runs on the industry leading ICCSimTMat test tool platform used by Acquirers, Processors and Merchants worldwide to perform EMV level 3 chip terminal integration tests on both contact and contactless enabled EMV chip terminals for accreditation prior to deployment.

Derek Ross, Head of Sales and Business Development at ICC Solutions, commented: "ICC Solutions welcomes the AEIPS AFD test suite as the latest addition to our extensive portfolio of qualified EMV level 3 brand test suites, re-enforcing our position as global leader in provision of qualified test tools. This new test suite comprises the same leading-edge automation features ensuring users benefit from a consistent and efficient certification test campaign."
