ICC Solutions partners with Payhuddle

ICC Solutions is delighted to announce a strategic alliance partnership with Payhuddle in a mission to further extend ICC Solutions' global reach, with initial focus in India. The partnership will focus initially on reselling opportunities of ICC Solutions extensive range of fully qualified EMV level 2 and 3 test tools used to perform type approval and end-to-end payment brand accreditation tests on EMV terminals and POS/ATM solutions.

Furthermore, the partnership is ideally suited to offer the test tools and consultancy services necessary to support worldwide EMV migration and growth, in addition to key industry initiatives, such as the introduction of new technologies and payment platforms.

Derek Ross, Head of Sales and Business Development at ICC Solutions, commented: "We very much welcome this new partnership which offers the ideal synergy combining the diverse core strengths of both companies, thus enabling exciting new business opportunities for the benefit of both companies' client bases, as well as the potential to open up new markets."

Prakash Sambandam, CEO, Payhuddle added: "We are really excited to be partnering with ICC Solutions, considering that ICC Solutions is one of the pioneers in the test tool space. The partnership with ICC Solutions is completely aligned with the expertise that we have. ICC Solutions test tools in the L2 and L3 space allows us to address the global markets with our consulting and project management expertise."

For more information on the test tools and services available from ICC Solutions, please visit: www.iccsolutions.com or email info@iccsolutions.com

About ICC Solutions Limited

ICC Solutions Limited is a global leader in the provision of EMV test tools and services and offers the complete set of qualified test suites for payment brand accreditation of contact and contactless EMV terminals. Our tools are used worldwide enabling development, quality assurance and regression testing in addition to formal merchant certifications.

Working with Vantiv in the USA, ICC Solutions developed VIABLE – an innovative and highly efficient closed-loop solution designed to simplify the EMV enablement, testing and validation process. VIABLE places merchants in full control of their EMV certification activities.
